ABOUT US

Young Professionals Gage County is a coordinated effort by the Beatrice Area Chamber of Commerce and NGage to increase civic engagement in our youth.

MISSION

Young Professionals Gage County provides opportunities to empower, connect, and develop the future leaders of the Gage County area.

Why you should participate: Expanding your network in the community to enhance further career opportunities, which will prepare you to advocate for yourself, your skills, and your career.

Why employers support this: Nurturing Young Professionals in our community allows them to create a sense of place and network which will enhance retention in our local labor pool.
